

Seating Series

Belong™

GLOBALcare
Quality of Life Products™

Belong provides a complete solution for the most demanding environments.

Belong was developed to meet the needs of the most demanding environments and the intensive cleaning procedures associated with today's infection control requirements. The series includes individual chairs for patient rooms, interlocking configurations for public spaces and specialty items such as hip replacement chairs, bariatric seating, flexback chairs, and models with mobility casters. A complementary table series completes the program.

Belong is constructed with a reinforced, steel frame that incorporates a welded crossbar to connect the leg and arm uprights for exceptional strength and durability. Both the seat cushion and the back cushion are fitted with high-density, Ultracell Bio Foam for long life and superior comfort. Ultracell Bio Foam is an environmentally responsible material.

Above top: Fabrics in Momentum, Spin, Carte Blanche (09123937), Momentum, Max, Ouzo (09092488). Frames and armcaps in Toast (TOA). Laminates in Tiger Maple (W820). Above bottom: Momentum, Spin, Carte Blanche (09123937), Momentum, Max, Coquito (09092400). Frames in Toast (TOA). Armcaps in Maple (AVM). Laminates in Tiger Maple (W820). Cover and back: Fabrics in Momentum, Spin, Carte Blanche (09123937), Momentum, Max, Malt (09092444). Frames and armcaps in Toast (TOA). Laminates in Tiger Walnut (W819).

Features and Options

Low Back, High Back and Bariatric options

Contoured back with built in lumbar for extra comfort

Select Flex back models with Torsion control mechanism provide a gentle rocking motion for the chair back with out impeding egress or entry

Metal frames are available in multiple finish colors

Soft easy clean urethane arms or wood arms

Easy clean design incorporates spaces between seat, back and frame

High density Ultracell foam for exceptional durability and comfort

Optional sealed seams for additional protection from fluid and bug penetration

Rear leg design prevents wall damage

Selected patient room seating is equipped with mobility casters

Non marking polyethylene glides are standard on all models

Easy clean out design supports housekeeping & infection control routines.

Optional brackets allow easy connection of seating units or tables.

Selected patient room seating is equipped with mobility casters so staff can easily relocate seating units without lifting.

Seat Height Options
Choose between 18" seat height or 20" seat height.

Frame finishes

Low Back Armchair, frame shown in Tungsten (TUN). Urethane armcaps shown in Black (BLK)

Low Back Armchair, frame and urethane armcaps shown in Platinum (PLT)

Low Back Armchair, frame and urethane armcaps shown in Toast (TOA)

Low Back Armchair, frame shown in Toast (TOA), hardwood armcaps in Maple (AVM)

Product Design by James Hayward
