LONG TERM SEATING

The next generation of Supra seating

5336-3 Multi-Tilter

Supra X is a new generation of affordable ergonomic office seating designed for appearance and comfort. Famous seating designer Zooey Chu was commissioned to create the ultimate chair. One that would stand up to the rigors of office use, but also offer exceptional comfort, value and style. To do this he has incorporated many user adjustments that allow the chair to be custom fitted for personal seating preferences and work functions. Shown in Cumulus CU87.

Seat and Backrest: The seat and back feature a compound curved shape which provides wrap around support for greater comfort in providing the ultimate in long term seating comfort.

Auto Back Angle: The back articulates on a concealed hinge mechanism. This allows the back to automatically change angle to match the users sitting position and to shift with users as they change position throughout the day - its about comfort. (All models except tilter).

Seat Depth Adjustment: Adjust seat depth to match users leg length, simply slide the back away from seat or toward seat and tighten control knob.

Base and Casters: The base is made from reinforced Nylon and is exceptionally strong and durable. The standard caster is a dual wheel carpet caster. Optional casters for hard surfaces, wood, tile, vinyl etc. are available upon request.

Product Design: Zooey Chu

Height Adjustable Arms

Lumbar Support

Supra X arms are height adjustable (2½") and made from durable polyurethane which is soft and warm to the touch. They are comfortable but very durable and feature generously wide arm rests. Arm width adjustment is standard on all models with arms. Control tabs on the outside back allow the adjustment of the lumbar support up and down to suit individual preference.

DESCRIPTION	DIMENSIONS			SEAT HEIGHT
	W	D	H	
	IN	IN	IN	

	5336-3	26	26.5	37.5	16-20
		660	673	953	406-508

Multi-tilter, with height and width adjustable arms.
Support back, with auto back angle adjustment, height adjustable lumbar support, seat depth adjustment. Back angle and seat tilt with infinite tilt-lock and tilt tension adjustment.
